

Appendix 11 of Base Evidence

EMPLOYMENT IN HINDON PARISH

The employers within the Parish boundary are listed below. However, just outside the Parish boundary, there are a number of industrial units belonging to the Fonthill Estate, many of whose employees are in need of local housing.

All those within Hindon were visited in October 2016 to establish their staff numbers and housing needs, and 4 of the major employers on the Fonthill Estate were also seen at the same time, with the remainder surveyed by the Estate Manager's staff on our behalf. Many of the latter are in need of local housing.

Totals: 50 Full time
 38 Part time
 26 Volunteers
 49 live in Hindon
 65 live nearby/outside

In addition, some people commute to other nearby villages or towns, to Salisbury, and a few nearer to and into London. There are also a number of people working from home, which has been helped with the introduction of fast Broadband to the village.

EMPLOYERS WITHIN 2 MILES OF HINDON

There are 27 organisations in units at Berwick St Leonard on Fonthill estate property, the majority of whom are small companies employing between 1-12 employees. However, there are 4 larger organisations, three of which employ between 12-20 people and one has a current payroll of 82. All of these 4 companies have said that they would welcome new housing on their doorstep as they have difficulty in recruiting staff due to the general lack of suitable priced housing in the vicinity.

The largest of these companies moved to a purpose-built unit, having moved from Zeals, 7 miles away. Their existing employees live as far afield as Warminster, Frome and Wincanton and would benefit from some being able to move closer as well as helping the company to recruit staff with the carrot of local housing at various price levels from 'affordable' to full market 3 or 4 bedroom houses.

The 4 companies are:

Nectar:	82 Full time staff
Fonthill Waters:	19 Full time staff
Mail & Print:	12 Full time staff
Guild Anderson:	17 Full time staff
Total	130, none living in Hindon
