

8. Friends of Hindon Church

During the last year ,The Friends of Hindon Church have funded considerable works on St John's Church Hindon, financed by our legacy from Richard Dewhurst.

The works included roof and tile repairs on the north side of the roof and extensive re guttering works , all in keeping with our Victorian heritage. The total cost of these works has been funded over the last two years but the main sum , over £52000 fell in 23/24

This expenditure is exactly what our legacy was meant to fund and hopefully this work will ensure the integrity of the Church in to the future.

We continue to be very open to suggestions from the Parochial Church Council as they plan and develop ideas for the Church.
